

Case for **One of the Biggest Mining & Energy Holding**

SAP ERP Implementation for a Mining & Energy Holding in Central Asia_

Industry: Mining

Location: Central Asia

Employees: 3,500+

Client Background

One of the biggest mining & energy holdings in Central Asia.

Business Challenge

- Implementing the first SAP ERP project in Central Asia with the HANA platform as the main database.
- The company couldn't efficiently plan resources without a centralized system available to all company's business units and locations.

Solution

- Developed a centralized SAP ERP system based on the HANA platform.
- The system is currently used by over 70 users and can be easily scalable to planned 500-600 concurrent users in the future.
- All of the Holding's branches are seamlessly integrated into the system.

Business Value

- First modern ERP implementation in Central Asia following the government strategy to increase the efficiency and competitiveness of the local big businesses.
- The system significantly enhanced the efficiency and transparency of resource planning.
